

SHISHANT YADAV

OBJECTIVE

Full-Stack Developer with hands-on experience in designing, developing, and deploying scalable web applications across both frontend and backend technologies. Strong interest in Artificial Intelligence, Machine Learning, and Cybersecurity, with a focus on building intelligent, secure, and performance-driven systems. Adept at translating complex requirements into clean, maintainable code while continuously learning emerging technologies to deliver robust and future-ready solutions

EDUCATION

- **Anand engineering college , (AGRA) [2023-2027]**
- Bachelor of Technology(Computer science and engineering with artificial intelligence and machine learning .
- 12th (PCM) from CBSE – 2023
- 10th from CBSE - 2021

PROJECTS

- Built a Library Management System that helps manage books, users, and issue—return records. The system allows easy searching and tracking of book availability, making library operations smoother and more organized.
- Created an **AI-based Text and PDF Summarizer** that automatically generates short and meaningful summaries from large documents using NLP techniques, helping users quickly understand key content.
- Developed a **Password Strength Checker** using **Python and Tkinter** to evaluate password security based on length, complexity, and character diversity. The application provides real-time feedback to help users create stronger and more secure passwords.

EXPERIENCE

Cybersecurity intern Pinnacle lab -INDIA (Remote) ONLINE from [jan 2025- feb 2025].

1. Implemented security protocols to safeguard sensitive data.
2. Gained hands-on experience with industry-standard security tools.

LEADERSHIP

Demonstrated leadership and teamwork through active involvement in college events and hackathons. Anchored the Fresher's Party, coordinating with organizers for smooth execution, and represented the team at hackathons by leading presentations and communicating technical concepts. Experienced in guiding team members, managing responsibilities, and ensuring effective collaboration
